

No matter how well manufactured a window is, it will only meet its superior quality if it is installed correctly. Whereas many joiners only supply windows, we also offer a full installation service so that you can simply sit back and enjoy the warmth of your new windows. Our supply and installation service is second to none from our initial site visit where one of our technicians will measure up, through to the manufacturing of your windows, on site installation and finally quality control inspection.

Channel 4 DV Director Filming Your Timber WINDOWS sash installation, London

Your Timber WINDOWS was highly privileged to have a very talented Channel 4 DV Director film our fitting team install sash windows in the heart of London for a forthcoming video. Their experience includes working on documentaries and films for the BBC, ITN Productions, Pioneer Productions, Atlantic Productions and E4 so watch this space.
